

We're adding 500 more hospital beds.
Yours could be one of them.

Silver Chain has been caring for Western Australians for over 100 years. As one of the state's leading health care providers we offer a diverse range of services across metropolitan, country and remote areas of Western Australia. So it will come as no surprise to learn that we now provide around the clock hospital level care from nurses and doctors in the comfort of your own home. Home Hospital, a State Government initiative, will help ease congestion in our hospitals by adding 500 extra beds across the metropolitan area. That's equivalent to a major hospital. So now you don't have to go to hospital to go to hospital. **For more information call 9242 0242 or visit HomeHospital.org.au**
